

Tradition and technological research, material and design, past and future. A blend of various stimuli, an encounter between different trends that has led to the designing of ART, a material that draws its inspiration from cement, featuring natural surfaces in neutral shades for a simple, subtly tasteful effect. ART is a complete project of porcelain stoneware floor coverings and white-body wall coverings. The porcelain stoneware comes in four colours - clay, tobacco, cement and graphite - and in four large sizes.
