

Frenchmood

When natural stone is combined with the perfection of ceramic technology, the result is timeless

Chalon

Saint-Denis

Reims

Cluny

When natural stone becomes ceramic, it can meet the many demands of contemporary life.

Frenchmood reproduces 4 natural stones with different aesthetic and chromatic properties (Pierre Bleue, beige Burgundy, ivory Burgundy, and grey Hainaut stone quarried in the Ardennes), in a porcelain stoneware product offering a superior technical performance, and a practical and functional surface that is not affected by the passing of time.
